

## Prayers made up from tool 8 in Two Choices - Divine LOVE or Anything Else

Great Spirit and Great Spirit Helpers as are best:

Help me to make it so and keep it so I always breathe in LOVE and breathe out peace with proper deep breaths and practice this consciously for several minutes, several times per day until it becomes automatic.

Help me to make it so and keep it so I always simply sit in the LOVE 'That I AM' and relax into the heart.

Help me to make it so and keep it so I always surrender to the simplicity of living from the 'Heart Space'.

Help me to make it so and keep it so I always receive 'Cosmic LOVE', 'which I AM', and allow it to flow through in a seamless 'State of LOVE'.

Help me to make it so and keep it so I always rest and am nourished in the Simplicity and the peace which surpasses understanding.

Help me to make it so and keep it so I always live and breathe each moment from the Heart with the great LOVE of self and 'All That I AM'.

Help me to make it so and keep it so I always release and let go of all the 'stuff', knowing that I AM omniscient, omnipresent, omnipotent and can retrieve any information that may be needed in any given moment.

Help me to make it so and keep it so I always realize each of us must take responsibility for that which we receive.

Help me to make it so and keep it so I always take time to rest. Help me to soak in, absorb and radiate the pure simple frequencies and LOVE of the cosmic energies continually radiating through the universe.

Help me to make it so and keep it so I always share 'That Which I AM' with LOVE.

Help me to make it so and keep it so I am always ready, willing and open and that the doors open with utter Divine LOVE, Grace, ease and effortlessness to now bring forth, for fair exchange, "All That I AM"; all that I have to share.

Help me to make it so and keep it so I always allow all the programming to simply dissolve and be transmuted in the 'VIOLET FLAME' of God's Infinite Perfection.

Help me to make it so and keep it so I always realize am aware that past, present and future are all here in the center of the present.

Help me to make it so and keep it so I always know that true prosperity goes hand-in-hand with peace and LOVE.

Help me to make it so and keep it so I always have clarity about whatever the topic may be and am in alignment with 'The Divine Flow', moment to moment.

Help me to make it so and keep it so I always let all the stories go, let all the identities go, let all the strategies go and let all the modalities go. Help me to make it so and keep it so that I only use them when best in the moment, with 'All That I AM' in utter trust as guided.

Help me to make it so and keep it so I always let go, relinquish control, think less and *feel* more.

Help me to make it so and keep it so I always trust 'All That I AM' more.

Help me to make it so and keep it so I always allow all my Helpers of LIGHT and LOVE to bring all of my energies and all of my timelines gathered together in all 'That I AM'.

Help me to make it so and keep it so I always gather all my parts and pieces, 'All That I AM', into the Heart with LOVE.

Help me to make it so and keep it so I always am resting in the Heart, with all the LOVE, with all the feeling, with all the vulnerability; with all the openness, flow and creativity that comes through the heart.

Help me to make it so and keep it so I always let go of all the tensions deeply held through many cycles of time and allow this to trigger a deep, deep, deep relaxation of the physical vehicle. Help me to make it so and keep it so I always refocus in this way so I breathe in Divine LIGHT and LOVE through the heart and breath out peace.

Help me to make it so and keep it so I always bring 'All That I AM' into alignment with Great Spirit, ready to move forward with ease and grace in full alignment with that which I AM here to do at this time.

Help me to make it so and keep it so I always have a deep trust in 'All That I AM', in Creator and in the unfolding of Creation and that I let go of any conceptions of what 'reality' is, of what is going on, of what is happening, of what I need to 'do'.

Help me to make it so and keep it so I always am simply open to LOVE, to the unfoldment of life and creation, as it continues, breath to breath, moment to moment.

Help me to make it so and keep it so I always am in 'The Divine Flow' and am utterly grounded.

Help me to make it so and keep it so I always am in alignment with my infinite chakras, energy centers and centers of consciousness.

Help me to make it so and keep it so I always am in alignment with the 'Heart of Mother' in LOVE.

Help me to make it so and keep it so I always am in alignment through the 'Heart of Mother'.

Help me to make it so and keep it so I always am in alignment with the infinite spirals of chakras, energy centers and centers of consciousness that represent 'All That We Are', in LOVE.
